I wish to call to your attention the superb work that [REDACTED] has done in support of the Reporting in the Directorate of Operations Course during his recent two-week TDY to the Career Trainee (CT) Division. [REDACTED] knowledge of Directorate of Operations correspondence, his familiarity with this course, and his firm commitment to CT training explains his success as an instructor in this course. If it were not for his presence here and his facility for working with CTs, we would not have been able to cope with the seventy-two Trainees in the current class. Realizing that he had to set aside pressing duties at Headquarters to assist us, we are especially appreciative of his support of our program.
